PROFESSIONAL SUMMARY

Web Designer with over 9 years of full-time experience designing, developing, and maintaining user-focused websites across medical, dental, optometry, chiropractic, and veterinary industries. Skilled in translating client objectives into intuitive interface designs, responsive layouts, and logical navigation structures using OctoberCMS, Webflow, Twig, PHP, JavaScript, and SCSS. Proven record in leading large-scale website migrations, delivering professional design solutions, and collaborating with international teams to meet strict client and business requirements.

KEY SKILLS

- **Design & UI/UX:** User Interface (UI) and User Experience (UX) design; Information architecture and navigation design; Wireframes, mock-ups, and layout composition; Responsive and mobile-first design; Typography, colour theory, and visual hierarchy; Industry-specific design (dental, optometry, chiropractic, veterinary)
- **Technical:** HTML5, CSS3/SCSS, JavaScript, jQuery, PHP, Twig; OctoberCMS, Webflow, WordPress; ReactJS (side projects); SEO on-page optimisation and keyword research; Google Analytics and Google Search Console; PPC campaign setup and performance reporting
- **Tools:** Webflow, VSCode, Figma, Adobe Photoshop, Adobe Illustrator; Adobe Premiere Pro, Adobe After Effects; Git and GitHub Actions (CI/CD); Make, n8n, Airtable, GoHighLevel

PROFESSIONAL EXPERIENCE

Web Designer / Web Graphics Designer

EnfraUSA

14/F The Orient Square Bldg, F. Ortigas Jr. Rd (formerly Emerald Avenue), Ortigas Center, Pasig City, Philippines 1605
Tel: +63917 840 2393 | Email: qa@enfrausa.com

October 2017 – Present | Full-time

Key Responsibilities:

- Consult with clients and internal teams to determine design objectives, constraints, and functional communication requirements for each brief.
- Formulate design concepts and prepare sketches, layouts, and interface mock-ups to communicate proposed solutions.
- Design and develop website interfaces with strong emphasis on UI, ease of navigation, and logical information architecture using text, imagery, colour, and layout principles.
- Lead website platform migrations, including iMatrix to OctoberCMS (InternetBrands) and OctoberCMS to Webflow (Officite/HenryScheinOne), covering site structure audits, content mapping, template redesign, and responsive design across devices.

- Provide professional web design edits and front-end support for customer-facing websites, including Level 1 (L1) and Front-End Developer (FED) support tickets.
- Manage SEO activities, including on-page optimisation, keyword research, and site performance monitoring.
- Launch and manage paid advertising (PPC) campaigns, including campaign setup, audience targeting, and performance reporting.
- Build and deploy SEO social build kits to support client digital marketing initiatives.
- Manage Google Search Console and Google Analytics accounts, including property setup, data monitoring, and reporting.
- Collaborate with QA, management, and production teams to negotiate design solutions and ensure deliverables meet client and business requirements.
